FOR IMMEDIATE RELEASE

Baton Rouge Zoo Offers an Enchanted Night for Kids of Cancer Services

Baton Rouge, LA – June 13, 2007—Children in the Cancer Services’ Candlelighter and Kids Kare programs celebrated the first ever “Dreamnight at the Zoo” on June 1 at the Baton Rouge Zoo. The event was sponsored by Valero Energy Corporation and was the first “Dreamnight” ever held in the state of Louisiana.

“Dreamnight at the Zoo” began in Europe in 1996 as an evening event for children affected by cancer. Today, the occasion has spread across the globe. It is always held on the first Friday in June and provides an exclusive time for these children to visit the animals, enjoy amusing entertainment and learn about the magical wonders of the Zoo.

More than 150 children and families from Cancer Services attended “Dreamnight” on June 1. They enjoyed a variety of games, food, live music, demonstrations, and friendly animals! Cancer Services would like to thank the staff and volunteers of the Baton Rouge Zoo and the team at Valero for coordinating such a memorable evening for these families.
